Abstract

Document Sections

I. Introduction

II. Existing System

Abstract:

The awareness is to upload and download the files into cloud using gesture. Several types of file can be uploaded into cloud such as picture, video, pdf or any kind of confidential document. This is proficient using an application analogous to gallery. To accomplish the chore the application is raised to view a particular picture or video which we want to upload. Once the device is slanted from its real inspecting position in the downward direction within a
