Cyber Awareness Day.

Dear Sir,

Jawahar Education Society's, Institute of Technology, Management and Research,  
Nashik has been established in 2012, imparting technical education in Electrical  
Engineering, Mechanical Engineering, Computer Engineering and Civil Engineering.

The National Service Scheme (NSS) has planned to organize a seminar on "**Cyber  
Security**" on account of Cyber Awareness Day on Dates 4<sup>th</sup> May 2022.

We are glad to invite you as an Expert for conducting one Day Yoga workshop during  
the mentioned period.

We are waiting for your favourable reply.

Thanking you.

Respected Sir,

We, the Electrical Engineering Department, are planning to organize 1 day seminar on 'Basics of PLC, HMI & SCADA' on 29/03/2018 for Third & Final Year students. It will be conducted in T.E. Classroom (No.136). This seminar will help students to understand the industrial aspects of PLC, HMI & SCADA.

Seminar will be conducted by Mr. Ravindra Angal, TAACT, Nashik.

We request your approval to conduct the same.

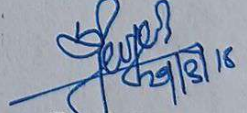

Thanking You,

Report of Seminar on  
**“Use of PLC, SCADA and HMI in Industries”**

A one day seminar on “Use of PLC, SCADA and HMI in Industries” was held on 29th March 2018 in Electrical Department. The resource person was Mr. Ravindra Angal, Senior faculty of TAACT solution, Nashik. The seminar was attended by 30 students of the college and 4 faculties College.

In this session Mr. Ravindra Angal introduced students with SCADA and how it can be used to monitor industrial activity. PLC connection and its interface with SCADA system using MODBUS protocol were also shown. A project on implementation of SCADA for industrial application was demonstrated. It was an automatic bottle filling application which had sensors, solenoids, conveyor and motors as input and output for the PLC. The PLC used in this project was Delta PLC (DBP14SS2). SCADA system was developed to monitor this entire setup using different tags. Programming of Delta PLC along with HMI for graphical interface was shown. Different concepts on programming HMI and interfacing PLC with HMI was taught. This also included programming to accept numeric input, using the global function keys for page jump and different button for display. This seminar will help students in their projects and also improve their job prospects.
