PROJIT- 2025

.....Hands for present, Eyes for future

A National Level Project Competition & Exhibition

On Saturday, 22nd February 2025

About Nashik

Nashik is situated on the bank of sacred river Godavari and is one of India's fastest growing cities. In the last five years, Nashik has seen a major uplift in terms of urban development, infrastructure and industrialization, malls, multiplexes, business centers, educational institutes, hotels, etc. have sprung up in a very short time period, indicating Nashik's growth spurt. The city boasts of its pleasant and cool climate, picturesque surroundings, high standard of living, greenery and well-developed, future-planned infrastructure. Nashik's growth has attracted the corporate business sectors of India and abroad, leading to ample job opportunities and demand in the technical and manufacturing domains

About Jawahar Group

Jawahar Education Society established in the year 1970 is part of the renowned Jawahar Group that runs 50 schools, post-graduate colleges, engineering colleges and a medical college with 800 bed hospital in Maharashtra, shaping the lives of more than 20,000 students every year. Late Annasaheb Chudaman Patil, who was a passionate advocate of basic education and rural health services, is the inspiration behind the group.

About JIT

Jawahar education society's Institute of Technology Management and Research, Nashik (JIT), established in the year 2012 aims at providing quality technical education in :

- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Mechanical Engineering
- Information Technology
- Artificial Intelligence & Data Science
- Electronics & Computer Engineering

The institute is approved by All India Council for Technical Education (AICTE), DTE, Maharashtra State & affiliated to University of Pune. Accredited by NAAC. The institute is getting shaped under the Patronage of Hon. Vinay Patil & Hon. Kunal Patil.

About PROJIT

PROJIT is a prestigious national-level project competition organized annually by JIT since 2013. The event serves as a platform for engineering students from across the country to showcase their innovative projects and technical expertise. Students exhibit working models or prototypes of their projects. Last year, the event witnessed the participation and exhibition of 250 projects from various engineering disciplines. Experts from academia and industry evaluate the projects based on innovation, technical implementation, presentation, and societal impact. Participants interact with peers, faculty, and industry professionals, fostering collaboration and learning. Winning teams are awarded prizes, certificates, and accolades for their efforts.
